To meet the guest satisfaction and make them always return in the future we have planned to improve our product by renovating our Hibiscus Restaurant ([Please see ' E ' sign in hotel map attach below](#)) which is located in the west wing near the beach. Above of the Hibiscus Restaurant would be built five (5) Ocean View Suites and on the top is open space.

At the same time, we will also renovate to enlarge the bathroom of the Building Rooms and Cottage Rooms and a separate shower will be added in each room and therefore every room will have a separate bathtub and shower. The enlargement of the bathroom would be done in stages.

“ The renovation will be started from 4 January 2015 and completed by 31 May 2015 “.
