TRADITIONAL LION DANCE

Lion dances are traditionally performed to bring good luck for the coming year and frighten evil spirits away.

Lions play an important role in Chinese mythology and represent joy and happiness.

Lion dance performances are accompanied by the rhythmic music of beating drums, cymbals and gong instruments, synchronized to the lion's dance movements and actions.

A JOURNEY THROUGH BALI

ULUN DANU BERATAN TEMPLE

The sacred temple Ulun Danu Beratan lies on a small peninsula on the shore of Lake Beratan and is located about 1200 metres above water level on the lake. This magnificent water temple plays an important role in irrigating the area and the southern part of the island; that is why the temple is dedicated to Dewi Danu, the goddess of the lake. The temple was built in 1633 and consists of a complex of temples spread out over several islands. The name of the temple means "power or source temple" of Lake Beratan. The design is a mix of Hindu and Buddhist architecture. The main temple, the Pura Teratai Bang, has a characteristic 7-tier tower, while the island also features a temple with 11 roofs.

Opening Hours : 9.00am – 5.00pm
