NEW SANCTUARY OF PRIMAL *BALANCE*

The Sacred River Spa, Four Seasons Resort Bali at Sayan

As above, so below; as within, so without. Drawing on the dance between the visible and energetic worlds, Four Seasons Resort Bali at Sayan ushers in a new era of wellbeing with its revitalised Sacred River Spa.

The Sacred River Spa takes its inspiration from the ancient Balinese philosophy of Niskala (unseen energy). Central to its revised menu are transformative water-centric treatments that harness the power of the energetic flow from the intangible realm to the physical realm.

Six signature Balinese Healing Rituals showcase traditional wisdom, including Restu Bumi – a spiritual cleansing featuring local instruments, herbs and a warm gemstone massage – and the purifying Tirta Ening, which channels the healing power of Bali's revered water element.
